VERSION 1.2: MAY 2023**

INTRODUCTION

As a national, nonprofit organization, Southwest Key Programs (“SWK”) exists to create opportunities and improve the quality of life for thousands of youth and families each day by providing safe shelter, alternatives to incarceration, career development, and educational opportunities. Our vendors are an important and integral part of our success and we seek to partner with responsible companies that share our values and our commitment to ethical standards.

This Code of Conduct (“Code”) describes SWK’s expectations for our vendors, their officers, employees, and representatives that provide products, services, or functions to SWK.

SWK conducts business with government customers—including government agencies. SWK stresses the importance of honesty and openness in our business and vendor interactions. We take the trust that government agencies put in us seriously.

Vendors must act with integrity and are expected to demonstrate a commitment to legal, ethical, safe, fair, and responsible business practices. We require that our vendors understand the requirements of this Code, operate in accordance with the expectations outlined in this Code and comply, at a minimum with all applicable laws, rules, regulations, and standards within the geographies in which they operate. In instances where standards outlined in the Code differ from local laws, vendors must respect these standards within the framework of the applicable local laws.

EXPECTATIONS OF SUPPLIERS

We have a responsibility to the children, families, and communities that SWK serves and supports, as well as our customers, government funders and third-party donors, to do business with vendors that provide high quality goods and services in accordance with the expectations of this Code. We seek to maintain such high standards by routinely evaluating the performance of our vendors.

In the evaluation of vendor performance, SWK considers, among other factors:

- the quality of the product or service provided;
- compliance with contractual terms and conditions;
- ability to meet delivery schedules;
- efficiency in response to requests for information;
- adherence to warranty provisions; and
- speed and cooperation in resolving problems and/or settlement of claims.

**VENDOR CODE OF CONDUCT
VERSION 1.2: MAY 2023**

A supplier may be removed from SWK's list of approved vendors for poor performance or unethical behavior, including but not limited to the following:

- poor performance based on contractual obligations or terms;
- non-compliance with this Supplier Code of Conduct;
- submission of false information;
- bankruptcy or a decision of legal incompetence;
- state or federal suspension or debarment; or
- criminal conviction or civil judgment for any offense indicating a lack of business integrity or business honesty.

Vendors removed from SWK's list of approved vendors may be considered for re-admission to the list if the vendor can demonstrate that the reason for removal has been corrected.

LEGAL COMPLIANCE

Our vendors are expected to, at a minimum, abide by all laws and regulations relating to their business conduct, and to understand the laws and regulations relevant to their work and applicable to the locations in which they operate.

Vendors shall not be subject to bankruptcy, have affairs administered by a court, have suspended business activities, have revoked professional licensing, or be subject to proceedings for such matters.

Vendors shall not be subject to a judgment or conviction for fraud, corruption, involvement in a criminal organization, or any other grave professional misconduct.

Vendors shall have fulfilled obligations relating to the payment of social security contributions and taxes in accordance with relevant legal requirements.

COMPLIANCE WITH THE VENDOR CODE OF CONDUCT

Our vendors are expected to comply with this Code. In the event of a violation of this Code, SWK will pursue corrective action to remedy the situation, which may include terminating the relationship if the violation cannot satisfactorily be resolved under the existing contract or agreement terms.

Vendors also have a responsibility to timely report any potential or actual violations relating to government contracts, subcontracts, cooperative agreements, or grants performed by SWK. For example, under federal regulations, including FAR 52.103-13, these violations may include violation of a federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations under Title 18 of the U.S. Code, or a violation of the civil False Claims Act (31 U.S.C. §§ 3729-3733).

**VENDOR CODE OF CONDUCT
VERSION 1.2: MAY 2023**

Reporting is also required for the following:

- Misconduct or unethical behavior related to goods, services, or functions provided to SWK;
- Violations of SWK's Code of Conduct;
- Violations of statutes or regulations involving fraud, deceit, or dishonesty; and
- Misconduct or unethical conduct relating to any government contract or subcontract work, or other government funded business.

In short, if vendors believe there has been a violation of the Code or SWK policy, our vendors have a responsibility to report it.

Finally, in the event of an internal or government investigation, SWK vendors are expected to be truthful and honest and cooperate with government authorities. Doing so includes preserving all documents, data, and other materials related to any subject matter of the investigation, audit, or review. It is SWK's policy to cooperate with any reasonable and lawful request by federal, state, and municipal government investigators seeking information concerning SWK's operations for law enforcement purposes.

Post-Employment Restrictions

Post-employment restrictions may apply to current SWK staff and former SWK staff members who participated in the procurement process, if such persons had prior professional dealings with vendors. SWK Suppliers must refrain from offering employment to any such person for a period of one year following that person's separation from SWK service.

Gifts And Gratuities

Our vendors are expected to compete on the merits of their products and services. The exchange of business courtesies must not be used to gain an unfair competitive advantage. The value of gifts, meals, entertainment, or other business courtesies given to SWK employees may not exceed \$30.00 during any twelve-month period. Any gift that could reasonably be perceived to influence business can damage both SWK and our vendor's reputations and should not be given.

SWK personnel or representatives will not accept any invitations to sporting or cultural events, offers of holidays or other recreational trips, transportation, or invitations to breakfasts, lunches or dinners. SWK expects its vendors not to offer any benefit such as free goods or services, employment or sales opportunities to a SWK staff member in order to facilitate business with SWK.

Further, in every business relationship, our vendors must ensure that the offering or receipt of any gift or business courtesy is permitted by law and regulation, that these exchanges do not violate the rules and standards of SWK or the recipient's organization, and that they are consistent with reasonable marketplace customs and practices.

Donations

Vendors who elect to donate services or goods to further the mission of SWK will not receive any advantage or preference in the procurement process. Our vendors may not reference or mention any donations or contributions provided to SWK to staff during the procurement process. Identification of any donations made to SWK by a vendor in advance of the award of business will result in immediate disqualification from supplying that good or service to SWK.

Our vendors are expected to properly protect information, including any sensitive information, proprietary and personal information, competition-sensitive information, or intellectual property.
